Hello Joshua,

Yes, we are sending out a letter responding to the Notice this week. We are waiting on Oil Operators for our numbers of bbls of water we disposed of last year. Please contact me below if you have any further questions. I also believe that my husband Al Wise spoke to you as well last month. Thank you for your consideration to wait due to my recover of my surgery and trying to catch up in my office I was out of for the last 4 months.

Best regards,

Elizabeth Wise

Hi Elizabeth,

Thank you for getting back to me regarding Imperial Occidental's operations. Please provide the Water Board a written response on company letterhead addressing all items listed in the Order, especially the existence of any sumps ponds, and pits, as well as details regarding how produced water is managed at all of your facilities. Also please include the certifying statement detailed on page 3 of the Order. If Imperial Occidental does not operate in either Los Angeles or Ventura County, please let us know.

Let me know if you have any questions.

Josh
